

Charitable Giving

Thank you so much for thinking of Nest for your charitable event. We give preference to initiatives that benefit children, local school fundraisers, and community-oriented organizations.

We also give special priority to organizations that have reciprocal marketing in place. For example, we appreciate the opportunity to merchandise a product or advertise Nest in an auction or event program.

In order to review your request, we ask that you fill out the following information at least six weeks in advance from the date of your event. Please drop it off at the store or mail it to us at the address below. Although we'd like to participate in all events, our resources limit the number of worthy causes to which we can contribute.

Many thanks,

Nest Denver LLC

Charitable Giving Request
